## WHAT PEOPLE SAY

### KYLE ARAKI – 01/29/15

Speaking with Ralph was one of the most empowering things I've ever done. His words were like sparks that slowly but surely began to ignite a drive and energy within me that usually remains dormant. The session allowed me to get a glimpse beyond my conditioned fear-based beliefs and to step into a place of self-value and self-worth. I will surely be building off of the foundation that Ralph has helped me to reinforce. Thanks Ralph!

### ABDUALLAH QADIM HAQQ – 02/10/14

Dear Ralph, thanks so much for our session yesterday and the books that you sent me. I feel so much better after talking to you and sharing my story. I also really enjoyed the video you posted later that day and I felt a personal connection to it! I shall endeavor to become the greatest version of myself and the best human being that I can be. Thanks again. Peace Abdul Qadim Haqq.  
Techno Visual Artist.

### CAROLINE THOMSEN – 09/09/14

Dear Ralph! Thank you so much for such an inspiring conversation that took a path that I had least expected! I admit I was nervous in the beginning, yet shortly into our chat, it's like the dark cloud lifted (what cloud?) and I was able to see a lot of elements about myself from a very different perspective. I love that you are a real and honest person which makes it so easy to open up to you.

My take homes:

- Let go of who you think you are
- Radical Action!!!!
- Stop Externalising your Power
- Be a Content Creator (not viewer!)
- “Blind Yourself” for total acceptance
- Step into your body to become aware of your feelings

Here is my website to my adventures exploring cultures through dance, languages and travelling – **Culture Unlock!** I'd love to hear your insight 😊

Ahhh I can't wait for our conversation to sink in as I sleep! Thank you again!

Love and hugs, good night from Sydney! Cazxoxo

### **HELEN OGUNLEYE – 06/09/14**

I am extremely grateful for the coaching session I had with you this morning. You have been an inspiration to me for over a year and speaking with you this morning really helped me look deeper at my reason for my life decisions. You listened to my concerns and gave me insights to help me balance my thoughts and feelings. I know you have an eventful lifestyle but you still managed to squeeze me into your plan in 24 hours, you spent almost two hours on my session that was meant to be an hour, you did this without looking at your wristwatch to hurry me up and I could tell your genuine

passion in your work. You have helped jump start my action plans. Today I took some action plan on goals I have been sitting on for years and You have given me some wisdom that makes me feel like I can honour my natural gifts and passion henceforth. Words are not enough to express my gratitude. You are a blessing to the universe. Thank you.

**DEBBIE SMITH – 25/08/14**

Thank you for the most amazing and enlightening conversation of my life. I have finally started on the road to letting go of bad habits. Speaking to you was the first time that I truly felt that someone completely understood my struggles, made me feel better about them and left me smiling inside. I feel amazing knowing that I am NOW MOVING CLOSER TO MY TRUE BEAUTY. You are the most inspiring person I could ever meet. Much love and warm wishes. Debbie xx

**UANI PALALCIO – 5/08/14**

Hey Ralph, Thank you so much for taking the time out to speak with me the other day. I really appreciate it. It was so surreal, I couldn't believe I was actually talking to you! I felt like I was watching one of your videos as I always do. You were so easy to talk to I felt so at ease talking to you about

what was bothering in my life. You listened carefully without judgement and help me clarify my thoughts and reminded me of what I seem to always forget which is to always remember to love myself. Thanks for all your wisdom and understanding. Peace!

### **JODE JODDLE – 20/05/14**

I sought coaching with Ralph because I had a block which I couldn't get through. Ralph got straight to the heart of the matter and gave me lots of workable solutions that I had never before considered. I made lots of new connections during our chat and was left with an inspired, go-getting energy following our session. Thanks again Ralph!

**PHILIP SMIRNOV – 17/04/14**

I'm glad, I have decided to take the counselling session with Ralph – it helped me broaden my perspective and gave me very practical things to do to maintain that positive attitude.

Ralph does a incredible job at understanding so quick, what you are feeling and trying to say, and building upon. It is very cool, how intelligent and educated Ralph is, he easily picks up the terminology and belief systems that you operate in and relates to it his words.

Ralph won't make any conclusions for you, instead, he will remind you, that you are the choices you make and you have the power to be whoever you want.

I turned to Ralph with a specific problem, that I needed advice on, but now I can easily imagine just chatting with him, as he is very nice and interesting to talk with. And I do regret not asking what his favourite skateboard tricks are :)"

It was a great experience.

Love and harmony.

Philipp

**CAMERON WILLETT – 09/04/14**

Transparent as the glass you look through when you drive a car, I must have been looking at myself through his complementary ways of relating to what was deep! Dive Deep with Ralph! I did!

I saw my past, unfold and fall away into my memories, I know what my present is, I choose to be present not absent. Listen to your inner self and connect with Ralph!

He will make you laugh! He made me laugh!

**PAUL TURNER – 28/03/14**

Ralph I truly appreciate all the work you do, it is much needed on the planet.

Thank you for an insightful session. I felt you were able to speak to my concerns directly. I also want to thank you for being so generous with the time. The session was unhurried and free flowing. Thanks man.

**MADELEINE GROSE – 23/03/14**

Thank you so much Ralph. I not only learned a lot today, but I enjoyed myself in the process. Thank you for doing what you do and brightening up the

world. I will write a more in-depth comment sometime soon 😊

I will keep tuning in 😊

Maddie

### **MARIE AZANGO – 07/03/14**

Bonsoir Ralph, Thank you very much for your time and thoughts today.

I guess, after a few months watching your videos, there was an urgent need for me to meet with you in “person” and I am really glad I had the opportunity to discuss with you, focusing on my own journey. Many things you told me, I knew already your position about through your videos but it makes it very different to hear these thoughts, in 1 to 1 context. Things I heard you saying before, resonated slightly differently this time 😊

Take good care.

Marie

### **HANNAH RASHAD – 16/2/14**

Thank you so much Ralph. I feel you have opened my eyes and my heart to

how amazing life is. I am so grateful for this experience. I look forward to your event in London!

Forever thankful  
Hannah

**SINEAD MORRIS – 14/2/14**

Dear Ralph, I wanted to say thank you once again for your time, patience, wisdom, intuition, generosity of spirit and encouragement this evening on the Skype session. You have shed light on a lot of things for me and given me much to think about. You are an 'Earth Angel', and one of a kind, I am very grateful to you and hope to speak again at some point.

Warmest wishes to you,  
Sinead

**MAMONI K – 17/1/14**

My session with Ralph was insightful, simple to the point, and pleasant. His competency in relating and understanding people is vast, he will listen and

put you at ease. He is the real deal!

**MARIA NAGUA – 3/1/14**

All I want to say is thank for your insight on letting go of all the BS (belief systems). You gave me great nuggets of inspiration that unblocked loads of ideas for my business plan (which I have corrected right after speaking to you). We talked for a lot longer than an hour and you never mentioned it. I appreciate you and wish you all the best on your own journey.

**DAVID ROSDEITCHER – 1/1/14**

Thanks for the consultation, Ralph. I got clear on a lot of things like let the symbol lead the website (or any project), think in terms of 'I'm in the process of opening to...' instead of 'I've been stuck', the idea that I'm already a master whose fine with learning from other masters, and overall it was great to dive deep with you. –David

**DANIEL MICHALKE – 19/12/13**

I only can recommend a personal session with Ralph. It is really helpful to find back to your path and Ralph can absolutely motivate you! He also take some extra-time and looks not on the watch after one hour. He just lets the conversation flow until you're satisfied and your questions are answered. Thank you once again Ralph for your words and keep going like this! Peace,  
Daniel

### **ANGELICA EASTMAN – 6/12/13**

I really enjoyed my session with Ralph, he gave me very insightful advice which I was able to immediately implement. It made me feel much more confident about my work and now I can move forward and get out of my way. Thank you Ralph. I feel like I have a little piece of your soul. Love always xxx

### **MELVYN JAMES – 24/11/13**

Wow! Talk about diving deep! Ralph is a diver...Totally!!!. He may be very smiley, calm and all that... but...guide us lord! this guy is truly enlightened. I had so many questions on my mind and needed a sense of direction in my life...and Ralph brought the light in. He was very patient in answering my questions. I feel so much better. I now understand why I'm where I am. Overall I found it refreshing!!! I wish I could just kidnap him and get him to speak to

me every day. Hmm...If only that were possible!!!

**LATOSHA RIVERA – 21/11/13**

I was feeling hopeless, depressed, and frustrated with my life. I desperately wanted to talk to someone who could help me understand what was going on with me. I don't have parents, siblings, or close friends who I communicate with so there are far and few opportunities to speak to anyone about my issues or personal concerns. Most importantly someone whom I felt would not judge and who also has some psychological expertise. I reached out to you with a plea for help and you responded right away. You had an appointment for me the next day. I almost lost hope when I realized I couldn't afford the consultation. During our conversation you inspired me tremendously. You truly care for people and for that I am so grateful. You help me better understand that I am not a Victim while also giving me confirmation that it is time to LOVE MYSELF. I will work on this daily until it manifests in my life.

Thank You, Thank you, Thank you.

**JAKE MCMILLAN – 23/09/13**

Ralph is a delight to talk to, and provided intelligent insight & advice to address my concerns. Even though my thoughts and issues were at times

difficult to convey, his responses were in depth & useful at many levels. You can expect the energy and warmth he puts forth in his videos. The recorded session also lets you listen back and review what you went over.

**TAMARA SCOTT – 09/09/13**

This man was sent by the universe to guide many souls who are in the search for enlightenment, freedom and inner self love. He is a universal enlightened soul who has the ability to connect, change and touch many hearts with his intelligent and spiritual approach. Keep up the mission! Infinite Love!

**ROSINE CAPLOT – 27/09/2013**

The session was just perfect. It was exactly what I needed to hear. It gave me all the answers I was looking for! Thank you very much. Love, Rosine.

**JANINE BLUNT – 22/09/2013**

Many thanks to Infinite Waters, AKA Ralph Smart, for providing me with his invaluable insight, which I found to be extraordinarily helpful on my journey

toward personal growth & self discovery. It was so wonderful seeing him on Skype! He's truly as genuine as he comes across on YouTube. His advice was both thought provoking & practical, which covered not only my original question, but many other areas of my life as well. He was patient, a good listener, and wise beyond his years. One visit with Ralph was more comprehensive and helpful than 10 visits with my previous therapist. I highly recommend acquiring his services. The fee was well worth it! Thank you again! Peace & Love, Janine S.

**KEVIN EFTEKHARI – 1/09/2013**

I love watching Ralph's videos on Youtube and I was given the gift of a private consultation with him over Skype. I couldn't have asked for a greater gift than this, for the session was like watching the same Ralph on Youtube, but times 100 because of the personal interaction. My perception of myself and the world has expanded and I feel more connected and accepting of who I am and what I want to share with the world. Giving this gift to yourself or someone else says nothing short of I love you. Thank you Kam! Thank you Ralph!

**ERICA SUTER – 20/08/2013**

I was very pleased with the session and the insight that was given. My concerns were listened to and I felt like I was talking to a best friend. I would recommend a consultation to anyone because of the authentic and genuine advice that was given to help me be happier and worry less about my problems. By the end of the session, I had a completely new perspective on how I approach and respond to “problems” in relationships and I now feel much more confident to be myself and to be honest with my partner. I realized that everything will fall into place naturally and we hold the key to successes and failures in relationships.
